

Table of years from Gregorian 1767 to 2055 (Dozenal Solstice years 6682 to 6882)									
Columns, left to right: Gregorian year, leap year (indicated by <i>L</i> in bold face), dozenal pattern (leap year indicated by <i>A</i> in bold), Dozenal Solstice year, solstice dates.									
The last column for each year indicates (as n/n/n) the date of the UTC December solstice of the previous Gregorian year and the date of the June and December solstice of the current Gregorian year.									
<i>N</i> indicates a Gregorian non-leap year. <i>A</i> , <i>B1</i> , and <i>B2</i> refer to the pattern of S-days added throughout the Dozenal Solstice year to bring the number of days to 365 or 366 (dozenal 265 or 266). See the <a href="#">About file</a> for more information.
